

Surf Life Saving School – Team members required for Term 4.

SLSSNB is now looking for team members to run our surf awareness programs. We offer a number of programs mostly aimed at primary school children. We have loads of programs running Monday to Friday during school hours in Term 4 and need proficient Bronze holders to run these programs successfully.

If you are friendly, outgoing, able to talk to large groups and enjoy working with children then this is a perfect job for you.

Your job will be to lead groups of students through an array of activities ranging from board paddling to touch footy and lots of fun activities.

Whilst the majority of our work is on the beach we do run other programs such as BM, SRC, Surf Survival and classroom presentations. There are opportunities to run these programs for people who have their Trainers/Assessors accreditation.

Our rate of pay starts at \$20 per hour for team members and each shift is minimum of three hours.

If you would like to be part of the Surf Life Saving School team, then please send a ONE PAGE summary of your personal details, awards held, hobbies and interests together with your contacts details to Marcial@surflifesaving.net.au

We will be holding a training day for successful applicants during the September school holidays.
